Ms. Trahan,

The Choctaw Nation of Oklahoma thanks the Fish and Wildlife Service for the correspondence regarding the above referenced project. Plaquemines Parish, LA lies in the Choctaw Nation's area of historic interest. The Choctaw Nation is unaware of any cultural or sacred sites located in the immediate project area. The Choctaw Nation Historic Preservation Department concurs with the finding of "no adverse effect". However, as the project lies in an area of historic interest to the Tribe, we ask that work be stopped and our office contacted immediately in the event that Native American artifacts or human remains are encountered.

If you have any questions, please contact me.

Thank you,

Lindsey D. Bilyeu

All: Please find attached our letter requesting your counsel with regards to the subject project. We are in very preliminary design stages, as as such project features may change. Should significant changes occur that include additional areas, we will let you know. In addition to the information provided it may help to know that the project is located in the Delacroix and Belle Chasse Quads. If additional information is needed, please do not hesitate to ask.

I appreciate you attention to this matter.
